Some classes fill quickly. Course quality is highly important, so additional students are not added to courses that have sold out. Popular courses are frequently repeated.

Special Needs

We will make every effort to assist individuals with special needs. Please contact us at least one week before the start of a class if you have special needs. Hearing assistance devices are available for classes in the Visitor Center Auditorium. Ask the class greeter for assistance.

ACT 48 credits for PA teachers are available for classes offered through the Teacher Institute at Longwood Gardens. Credits for performing and visuals arts are offered in partnership with The Philadelphia Arts in Education Partnership. See www.paep.net for more details.
