

# LONGWOOD GARDENS

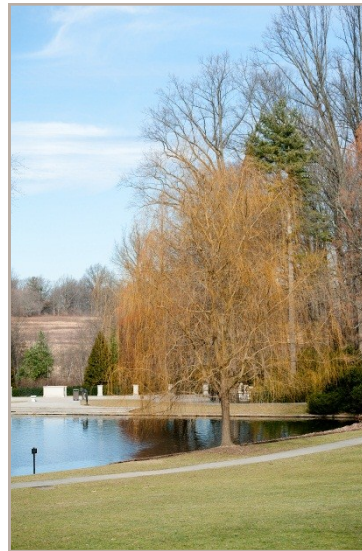

## Outdoor Garden Highlights

Updated 1/27/2012

1. *Rhododendron* 'Cynthia', Noble hybrid rhododendron, is one of the many showing buds in the Peirce's Wood area.

2. Seeds of *Vitex agnus-castus* 'Shoal Creek', chaste-tree, provide interest in the winter landscape.

3. *Salix* x *sepulcralis* var. *chrysocoma*, golden weeping willow, sports yellow stems that stand out against the Large Lake.

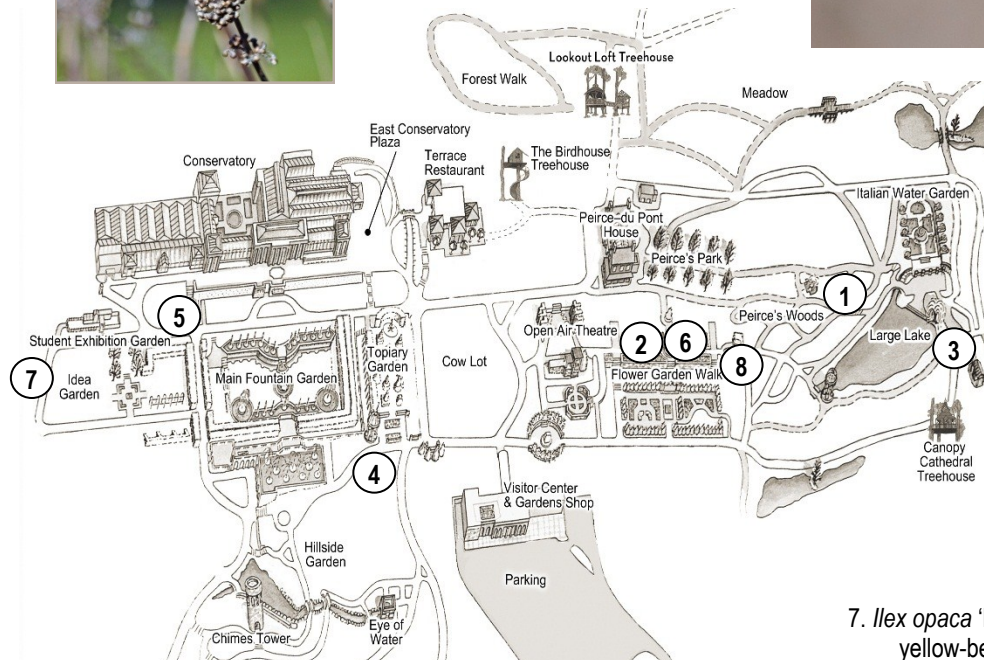

5. *Ilex* 'Sparkleberry', hybrid winterberry holly, is another shrub showing its colorful fruit.

4. *Hamamelis vernalis*, vernal witch-hazel, announces the coming of spring.

8. A squirrel manages to pull a tender shoot through the protective mesh that protects the bulbs planted in the Flower Garden Walk

6. *Viburnum ichangense*, Ichang viburnum, with their red fruit, stand out along the Flower Garden Walk.

7. *Ilex opaca* 'Longwood Gardens', yellow-berried American holly
